

## Play Fascinating SKIL-WORD

# Starting Tomorrow, You Can Win \$50

SKIL-WORD arrives tomorrow!

And with it arrives a chance for some reader of the Courier or The Times having the time of his life winning \$50 cash.

This is the newest, most sensational and most interesting of all the word-number games. It is designed by the experts to provide fun and relaxation for every member of the family.

The first contest starts tomorrow.

SKIL-WORD, seemingly so simple any child can work it, will appear Thursday, Friday and Saturday of each week.

Every week the Courier and The Times will present \$50 cash to the winner of the contest.

To play this exciting new game, the only thing readers need to do is to select one of two number answers for each SKIL-WORD clue. A dictionary isn't necessary. Don't bother with the encyclopedia. You don't have to be a cross-word puzzle expert. The

clues are not technical. But they're tricky. All you have to apply is a bit of good common sense.

All readers are eligible excepting Courier and Times employees and their families.

A group of newspaper judges will select the winner to be announced, for the first contest, September 14.

There will be no "jackpot" buildups. No disappointments. A winner will be announced each week.

And, of course, correct solution of the word game will be printed each week. If there is no completely correct solution, then the nearest correct will receive the \$50 cash. In case of a tie, the prize will be divided.

All you do is work the word-game, send in the answer on a post card. Who knows? You may be the \$50 cash winner!

Look for it. SKIL-WORD.

It starts tomorrow in the Courier and The Times.

### The Weather

Partly cloudy, warm and humid today, tonight and tomorrow. Chance of scattered thunderstorms late tomorrow and tomorrow night. Highest in the upper 80s.

# FAIRLESS SEEKS FEDERAL TAX AID FOR \$94,000,000 EXPANSION

## Gov. Says Pike Cost Is 'Greatest Swindle'

HARRISBURG — UP — Gov. George M. Leader charged today the Pennsylvania Turnpike Commission under Republican control was "the willing victim of one of the greatest public swindles of all time."

The governor said at a special news conference that through the "instrumentality" of the Man-Mine Research and Development Corp., Reading, the commission has been defrauded of \$9,064,241. (Continued on Page 3, Col. 4)

### Good Evening!

\$94 million expansion for Fairless Works.

Quite a pile of money U. S. Steel will be pouring into the big plant during the next 18 months. And more prima facie evidence of what's going to happen here during the next five years in the way of industrial development.

Some 6,500 now employed at the Fairless operations and when the expanding is done at least 2,000 additional jobs will be available.

Really optimistic news for this old Lower Bucks county community.

Only discouraging note is refusal of Falls township supervisors to join in an enlightened program of cooperation with Bristol and Middletown townships and Tullytown in tackling mutual problems of these four municipalities.

It appears to us that Supervisors Harker and Watson would stop the clock on governmental progress. But ultimately that sort of thinking will be fully repudiated. You just can't halt the development of this dynamic region and the political boys who try it will find themselves some day sadder if not wiser.

Truly a field day for field registration in this lower part of the county yesterday when all records were broken.

Well, sir, let's have a few more of 'em. Remember, if you're not registered now you won't be able to vote in November.

Phillies back to their bush-league antics again as they kick one away to the Giants last night, 7-2.

The sooner Mayo Smith substitutes some of the ancient whiz kids for new and able baseball talent the sooner we'll have a real major league team in the city of brotherly love again.

The simple things are best. No musical instrument yet made by man entrances him like the sound of his own voice.

Love is one game which is never called on account of darkness.

If you drive, be careful.

Tom Morley, (right), of 53 Stream Lane, Levittown, pulled a real switcheroo on second grade teacher Miss Kathy Mertz on opening day of the Walt Disney School, Levittown. Young Morley gave Miss Mertz a peach instead of the traditional apple this morning. Judging from the teacher's smile, the lad may know what he's doing after all. (Courtesy and Times Photo)

## Park Is Planned In Vermilion Hills

The Falls Township Supervisors and School Board are planning to set up a park area on a land tract in Vermilion Hills being held as a school site.

The Supervisors last night voted for a resolution to be drawn up, creating a township Park Board which would concern itself with the plan.

The park would be permanently planned so it would not be eliminated when school construction begins.

The Park Board, created for the first time in the history of the township, will probably be made up of members of the planning commission.

The planning commission has done much work in the past in trying to set up additional park and recreational areas in the

(Continued on Page 3, Col. 5)

## Parents To Confer With School Board

The Bristol Township School board will meet with parents of Indian Creek children tonight following the regular meeting of the Delhaas Joint School board.

The meeting was called after the Indian Creek parents protested the school board's plans to send some of their first grade children to the Community and Child Care Buildings in Bristol Terrace.

The meeting will be in the library at Delhaas High School. (Continued on Page 3, Col. 7)

## Steel Company Asks Write-Off On Equipment

New Project May Add 2000 Men To Firm's Payroll

U. S. Steel Corp. yesterday asked the federal government to lend a hand in the \$94,400,000 expansion of the Fairless Works by deferring some of the taxes on new equipment for five years.

The steel firm asked the Office of Defense Mobilization for special federal tax write-off privileges on the grounds that the new facilities are "essential to national defense."

The \$94,400,000 expansion, to be carried out in the next 18 months, would increase the Fairless Works payroll from 6500 to 8500 workers, according to a previous announcement.

### New Furnaces

According to a U. S. Steel announcement made earlier this summer, the expansion will include a \$48,900,000 open hearth furnace, a blast furnace at \$13,000,000, sintering facilities at \$8,500,000, coke ovens at \$19,000,000 and improvements to the blooming mill, for \$5,000,000.

The application, filed in Washington, D. C., asked the Office of Defense Mobilization to reopen the rapid tax amortization program for the steel industry to help finance construction costs. For the past two years, steelmakers have not been eligible.

### 5-Year Amortization

The move would enable the company to amortize part of its expansion costs over five years, instead of the usual 20 to 25 years, postponing part of its tax burden for five years.

A U. S. Steel spokesman said the federal applications were filed "on the basis of preliminary plans requiring the issuance of certificates of necessity prior to development of final detailed plans."

Not included, the steel spokesman said, is the Fairless Plant's third blast furnace, for which the company announced awarding a contract June 5.

Lower Bucks County officials this morning welcomed the an-

## New Voters Registration

The Bucks County Traveling Registrars are now visiting local municipalities to sign up new voters for the coming November 6 presidential election.

The centers are open from 2 p.m. until 9 p.m.

### TODAY

Sun Ray Drug Store, Midway Shopping Center, Levittown.

Croydon Fire House, State Road, Croydon.

### TOMORROW

Penn Valley Meeting Hall, Old Lincoln highway, Bensalem Township.

King's Hall, Andalusia, Bensalem Township.

## Firemen Battle Roaring Flames

An abandoned former munition plant burned to the ground yesterday as firemen from three companies battled the roaring flames for two-and-a-half hours in vain.

Fire broke out in the rear of the wooden frame building behind Margo Gardens, off Bath road, Bristol Township, shortly after 2 p.m.

Workers from two nearby in-

dustry firms—Coed Manufacturing Company and the Roadway Excavation Corporation—saw the fire and called firemen.

But by the time volunteers from the Newportville, Croydon and the Third District Fire Companies arrived the blaze had engulfed the one story structure.

Firemen were hampered by difficulty in finding water. One

fire hydrant in Margo Gardens was "dry" and the firemen were forced to lay 1200 feet of hose to another hydrant.

The building was one of a group used by the Hunter Manufacturing Company during World War II to make munitions for the armed forces.

The destroyed building has

been vacant since the war.

Employees of the Roadway Ex-

cavation firm moved four boxes of dynamite from their building as a precautionary measure as the flames roared out of control in the nearby building.

Firemen said they didn't know how the flames started but they pointed out that children frequently played in the building and that two were seen in the vicinity shortly before the fire started.

## Ike Extends Rosh Hashana Best Wishes

WASHINGTON—UP—President Eisenhower today extended best wishes and cordial greetings to American Jews on Rosh Hashana, the Jewish new year.

In Lower Bucks County the holiday will start this evening as area synagogues hold special services.

The Bristol Jewish Center, under Rabbi Aron Moskovits, will hold service at 7:30 tonight and to-

morrow night. In addition there will be other services at 8 a.m. and 7 p.m. tomorrow and Friday.

Rabbi Robert Bergmann, of Temple Shalom, Levittown, an-

nounced that his congregation will hold two identical services to-

night—one at 7:30 and the second at 9:30. This will be followed by a service at 10 a.m. tomorrow and

(Continued on Page 3, Col. 5)

## Ike Says States Should Stop Riots

WASHINGTON—UP—President Eisenhower, asked whether he personally endorses the Supreme Court decision, replied it makes no difference whether he endorses the decision, because the constitution is as the Supreme Court interprets it and it is his duty as President to see that the Supreme Court rulings are carried out.

President Eisenhower lashed

out during the press conference at Democratic charges that the

# Makefield Residents Told To Cut Grass

## The Levittown Times

THE Daily Newspaper of Lower Bucks County

Wednesday Evening, September 5, 1956

Second Front Page

### GOP Assembly Candidate Challenges Foe To Debate

Rudolph Kraus, Bristol Township Republican running for the State Assembly, today challenged his Democratic opponent to a series of public debates with "free for all" question and answer periods.

Kraus, charged that A. Patrick Brennan, of Levittown, the Democratic incumbent up for reelection, "takes orders from party leaders as evidenced by his notorious switch when he voted for the State wage-tax bill last year after stating he would never do so."

Both Kraus and Brennan have

### Morrisville Orders Home Be Vacated

The Morrisville Board of Health, meeting last night at Borough Hall, passed a motion to order residents of 85 North Pennsylvania avenue to vacate the property.

The board's action followed a discussion of the property's "general deficiency" in plumbing. The board said that plumbing all through the house needs replacing, and that an "unhealthy situation" exists on the property as it now stands.

In other action, the board disallowed an application from the Methodist parsonage on Hamilton boulevard to hook in with the Highland Park sewer system. The board said that the application was denied because there are no more sewer facilities on the line.

The board heard a letter from officials of the Vulcanized Rubber plant, Morrisville, stating that the company has taken steps to see that the soot situation in and around the plant is cleared up.

Earlier the board had received a complaint that soot from the plant was damaging the finishes on parked automobiles near the plant.

The board voted to pay the \$131.05 bills for the month of August, and voted to submit the monthly approved report to the Borough Council.

### PUC Suspends Rate Increase

HARRISBURG — UP — The Public Utility Commission has suspended until Dec. 14 a \$36,000 annual rate increase sought by the Bell Telephone Co. of Pennsylvania.

The largest ever proposed by a utility in the state, the increase is opposed by the cities of Philadelphia, Pittsburgh, Scranton, Bethlehem, Chester and Washington, Pa. Some 22 hearings have been held by the commission thus far to determine whether the hike is justified, with the next scheduled for Harrisburg Sept. 12 and 13.

The increase was originally filed to become effective March 14, but a six-month suspension was imposed by the PUC. The commission's additional three-month postponement will be the last allowable under law. The commission said that barring unexpected delays it will be able to issue an order by the end of the full nine-month suspension period.

**HOLY NAME TO MEET**  
The Holy Name Society of Holy Trinity Church, Morrisville, will meet at 8 p.m. tomorrow with Theodore Kupiec conducting the business meeting.

### Obituary

#### RALPH E. PAYNE

Services will be held tomorrow for Ralph E. Payne, Newtown, who died on Monday evening in Jefferson Hospital, Philadelphia. He was 37 years old.

Mr. Payne was a resident of Bristol until five years ago when he moved to the Woodhill section of Newtown. He was employed as a tool and die maker by Heinemann company, Trenton. His wife, Irene Parker Payne, was a formerly a teacher in Bristol Schools.

He is survived by his wife and three children, Cathryn, Philip, and Karen.

Interment services will be held tomorrow at 2:30 p.m. in Wrightstown Friends burial grounds. A memorial service will follow at 3 p.m. at the Wrightstown Friends Meeting House.

Friends may call at the W. Varro Funeral Home, Wycombe, this evening from 7 to 9 o'clock.

No injuries were reported.

#### Cars Collide On L'town Pkwy.

A rear-end collision was reported to Falls township police yesterday when two cars collided on the Levittown parkway near the entrance to the Pinewood section.

Lillie C. Immel, 31, of 701 Beaumont avenue, Fairless Hills, told police she was traveling north on the Levittown parkway when she stopped to close a door on her car. Meanwhile, another vehicle operated by Allan L. Yehl, 48, of 367 Appletree drive, Levittown, which was following, crashed into the rear of the Immel car.

Interment services will be held tomorrow at 2:30 p.m. in Wrightstown Friends burial grounds. A memorial service will follow at 3 p.m. at the Wrightstown Friends Meeting House.

No injuries were reported.

#### Men's Club Has Noted Entertainer

Henny Youngman, noted radio and television comedian, will be guest entertainer at the Temple Shalom Men's Club Open House meeting, Tuesday at 9 p.m.

Potential members and unaffiliated men of the community are invited to the first in a series of star-studded programs planned for the coming season by the club.

Chairmen for the program are Ed Levy and Al Rubenstein. Louis Smith is chairman of the refreshment committee and Art Reinisch is in charge of publicity. Art Hutton, president, will conduct the meeting.

**SCHOOL SUPPLIES STOLEN**

Mrs. Beverly Asay, 359 Holly drive, Levittown, told Tullytown police \$6 worth of newly purchased school supplies were stolen from her parked car early yesterday afternoon in the Levittown Shopping Center.

Pupil Meets the Teacher

Robin Gallant of 40 Gridiron road, Goldenridge, smiles approvingly at the prospect of kindergarten classes as he meets Mrs. Phyllis Grutz, Tom Thumb School Nursery and Kindergarten teacher. Mrs. Walter Gallant (left) provides the teacher with information on Robin.

(Courtesy and Times Photo)

### Falls Officials Balk On Committee Plan

Plans to form a Lower Bucks County Regional Executive Committee died in Falls Township last night when two Supervisors refused to endorse the proposal. Republican Supervisors Elder Hacker and Clifford Watson declined to second a motion made by Board Chairman Milton Berkes, a Democrat. Berkes was a strong supporter of the plan and instrumental in setting up four municipality meetings on the idea.

The committee was to be organized for the purpose of solving "mutual problems" in Middletown, Bristol, and Falls Townships and Tullytown Borough. Government officials from each of the municipalities were to endorse the plan, appoint a representative who would attend the sessions and report back to his respective government.

#### Tullytown Agrees

Tullytown had backed the plan and Berkes hoped that after Falls sanction, Middletown and Bristol townships would follow suit.

Hacker and Watson charged that the township could solve its own problems and rap the committee plan idea. Berkes said last night he would continue to work for the committee idea before civic groups. Hacker then said Berkes should devote "this time to town ship problems."

Berkes returned with "I'll match the time I spend on township problems with anyone."

#### At A Loss

Berkes said today he was at a loss to understand the attitude of the two other board members. He said that at an original meeting of representatives of all the municipalities, both Watson and Hacker voiced no objection to the proposal.

In other business, the Supervisors passed the ordinance regarding the set up of phone booths in the township. Berkes voted against the passage and asked for further consideration of the revisions pressed for by the township planning commission which were somewhat more restrictive.

The Supervisors also took under advisement a Planning Commission proposal to hire Carl Buhl, planning consultant, to do a development survey of the township.

The party breakdown shows the Democrats out-registering the Republicans, 717 to 590. In addition there are 36 no parties and 11 Independents.

But the Republicans had a lead of nearly a thousand in new registrations before yesterday.

Today the registrars will sit at the Sun Ray Drug Store, Midway Shopping Center, Levittown, and the Croydon firehouse.

(Continued from Page One) persons have signed to vote so far this campaign.

Detwiler pointed out that the traveling registrars will continue to tour the county until September 14. Most of the last two weeks will be in Lower Bucks county, where there are thousands of new residents.

He predicted that more than 13,000 persons would be signed up by the deadline.

Yesterday, 885 residents registered to vote at Kanes Super Market, Emile Shopping Center, Levittown, while 469 signed up at Lukens Jewelry store, Croydon. Registrars worked until 11 p.m. so that all those in line could register.

The party breakdown shows the Democrats out-registering the Republicans, 717 to 590. In addition there are 36 no parties and 11 Independents.

### Police Stress School Limits

Bristol township Chief of Police John R. Stewart today warned motorists to be alert and observe 15-mile-an-hour school zone limits when public school children return tomorrow.

"All police have been issued orders to cite violators of the school zone speed limits," Chief Stewart said.

"This will be an all out effort to protect the safety of our children when they are going to and from school," Chief Stewart added.

### Swindle

(Continued from Page One) in contracts for the flushing of abandoned coal mines under the Northeastern Extension of the toll road now under construction.

Leader said that because the work that must be done requires more power than the state Justice Department possesses, the department will petition Dauphin County Court Thursday for a special grand jury investigation.

The governor said he was not prepared to say how many people were involved. But he said that the organizers of Manu-Mine were "close relatives" of former turnpike commission chairman Thomas J. Evans, Coaldale.

Manu-Mine's officers included Evans' son, the late Richard H. Evans, and the elder Evans' nephew and niece by marriage, Charles W. Stickler, Jr. and his wife, Nellie.

The governor said he was "sorry" that the revelations concerning the turnpike had to be made public at the start of a political campaign. But he said that the commission did not come under Democratic control until the 1955 Legislature adjourned May 22.

The governor charged that Manu-Mine firm acted in three capacities as consultant, contractor and inspector for its work on the Northeastern Extension. He added:

"This was 'made work.' It was performed not because it was useful but because it sucked dollars by the millions into a vampire company organized to bleed the turnpike dry. Needless to say, Manu-Mine's success in this undertaking was made possible only by reason of the corporation's influence with the former chairman of the Pennsylvania Turnpike Commission—Thomas J. Evans."

## Play Fascinating SKIL-WORD

# Starting Tomorrow, You Can Win \$50

SKIL-WORD arrives tomorrow!

And with it arrives a chance for some reader of the Courier or The Times having the time of his life winning \$50 cash.

This is the newest, most sensational and most interesting of all the word-number games. It is designed by the experts to provide fun and relaxation for every member of the family.

The first contest starts tomorrow.

SKIL-WORD, seemingly so simple any child can work it, will appear Thursday, Friday and Saturday of each week.

Every week the Courier and The Times will present \$50 cash to the winner of the contest.

To play this exciting new game, the only thing readers need to do is to select one of two number answers for each SKIL-WORD clue. A dictionary isn't necessary. Don't bother with the encyclopedia. You don't have to be a crossword puzzle expert. The

clues are not technical. But they're tricky. All you have to apply is a bit of good common sense.

All readers are eligible excepting Courier and Times employees and their families.

A group of newspaper judges will select the winner to be announced, for the first contest, September 14.

There will be no "jackpot" buildups. No disappointments. A winner will be announced each week.

And, of course, correct solution of the word game will be printed each week. If there is no completely correct solution, then the nearest correct will receive the \$50 cash. In case of a tie, the prize will be divided.

All you do is work the word-game, send in the answer on a post card. Who knows? You may be the \$50 cash winner!

Look for it. SKIL-WORD.

It starts tomorrow in the Courier and The Times.

### The Weather

Partly cloudy, warm and humid today, tonight and tomorrow. Chance of scattered thundershowers late tomorrow and tomorrow night. Highest in the upper 80s.

# FAIRLESS SEEKS FEDERAL TAX AID FOR \$94,000,000 EXPANSION

## Gov. Says Pike Cost Is 'Greatest Swindle'

HARRISBURG — UP — Gov. George M. Leader charged today the Pennsylvania Turnpike Commission under Republican control was "the willing victim of one of the greatest public swindles of all time."

The governor said at a special news conference that through the "instrumentality" of the Man-Mine Research and Development Corp., Reading, the commission has been defrauded of \$9,064,241. (Continued on Page 3, Col. 4)

### Good Evening!

\$94 million expansion for Fairless Works.

Quite a pile of money U. S. Steel will be pouring into the big plant during the next 18 months. And more prima facie evidence of what's going to happen here during the next five years in the way of industrial development.

Some 6,500 now employed at the Fairless operations and when the expanding is done at least 2,000 additional jobs will be available.

Really optimistic news for this old Lower Bucks county community.

Only discouraging note is refusal of Falls township supervisors to join in an enlightened program of cooperation with Bristol and Middletown townships and Tullytown in tackling mutual problems of these four municipalities.

It appears to us that supervisors Hacker and Watson would stop the clock on governmental progress. But ultimately that sort of thinking will be fully repudiated. You just can't halt the development of this dynamic region and the political boys who try it will find themselves some day sadder if not wiser.

Truly a field day for field registration in this lower part of the county yesterday when all records were broken.

Well, sir, let's have a few more of 'em. Remember, if you're not registered now you won't be able to vote in November.

Phillies back to their bush-league antics again as they kick one over to the Giants last night, 7-2.

The sooner Mayo Smith substitutes some of the ancient whiz kids for new and able baseball talent the sooner we'll have a real major league team in the city of brotherly love again.

The simple things are best. No musical instrument yet made by man entrances him like the sound of his own voice.

Love is one game which is never called on account of darkness.

If you drive, be careful.

Opening Day Switcheroo

### Steel Company Asks Write-Off On Equipment

New Project May Add 2000 Men To Firm's Payroll

U. S. Steel Corp. yesterday asked the federal government to lend a hand in the \$94,400,000 expansion of the Fairless Works by deferring some of the taxes on new equipment for five years.

The steel firm asked the Office of Defense Mobilization for special federal tax write-off privileges on the grounds that the new facilities are "essential to national defense."

The \$94,400,000 expansion, to be carried out in the next 18 months, would increase the Fairless Works payroll from 6500 to 8500 workers, according to a previous announcement.

New Furnaces

According to a U. S. Steel announcement made earlier this summer, the expansion will include a \$48,900,000 open hearth furnace, a blast furnace at \$13,000,000, sintering facilities at \$8,500,000, coke ovens at \$19,000,000 and improvements to the blooming mill, for \$5,000,000.

The application, filed in Washington, D. C., asked the Office of Defense Mobilization to reopen the rapid tax amortization program for the steel industry to help finance construction costs. For the past two years, steelmakers have not been eligible.

5-Year Amortization

The move would enable the company to amortize part of its expansion costs over five years, instead of the usual 20 to 25 years, postponing part of its tax burden for five years.

A U. S. Steel spokesman said the federal applications were filed "on the basis of preliminary plans requiring the issuance of certificates of necessity prior to development of final detailed plans."

Not included, the steel spokesman said, is the Fairless Plant's third blast furnace, for which the company announced awarding a contract June 5.

Lower Bucks County officials this morning welcomed the announcement.

### Firemen Battle Roaring Flames

An abandoned former munition plant burned to the ground yesterday as firemen from three companies battled the roaring flames for two-and-a-half hours in vain.

Fire broke out in the rear of the wooden frame building behind Margo Gardens, off Bath road, Bristol Township, shortly after 2 p.m.

Workers from two nearby in-

dustry firms—Coed Manufacturing Company and the Roadway Excavation Corporation—saw the fire and called firemen.

But by the time volunteers from the Newportville, Croydon and the Third District Fire Companies arrived the blaze had engulfed the one story structure.

Firemen were hampered by

difficulty in finding water. One

fire hydrant in Margo Gardens was "dry" and the firemen were forced to lay 1200 feet of hose to another hydrant.

The building was one of a

group used by the Hunter Manufacturing Company during World War II to make munitions for the armed forces.

The destroyed building has

been vacant since the war.

Employees of the Roadway Ex-

cavation firm moved four boxes of dynamite from their building as a precautionary measure, as the flames roared out of control in the nearby building.

Firemen said they didn't know how the flames started but they pointed out that children frequently played in the building and that two were seen in the vicinity shortly before the fire started.

Tom Morley, (right), of 53 Stream Lane, Levittown, pulled a real switcheroo on second grade teacher Miss Kathy Mertz on opening day of the Walt Disney School, Levittown. Young Morley gave Miss Mertz a peach instead of the traditional apple this morning. Judging from the teacher's smile, the lad may know what he's doing after all. (Courtesy and Times Photo)

Good news for this old Lower Bucks county community.

Only discouraging note is refusal of Falls township supervisors to join in an enlightened program of cooperation with Bristol and Middletown townships and Tullytown in tackling mutual problems of these four municipalities.

## Park Is Planned In Vermilion Hills

The Falls Township Supervisors and School Board are planning to set up a park area on a land tract in Vermilion Hills being held as a school site.

The Supervisors last night voted for a resolution to be drawn up, creating a township Park Board which would concern itself with the plan.

The land was recently purchased by the school board but indications are that it will be some time before school construction will begin. In the interim, the school board and supervisors feel it could be best

used as a park with landscaping, benches, and other facilities for township recreation.

The park would be permanently planned so it would not be eliminated when school construction begins.

The Park Board, created for the first time in the history of the township, will probably be made up of members of the planning commission.

The planning commission has done much work in the past in trying to set up additional park and recreational areas in the township.

## County Moves Funds Into Three Banks

Bucks County Commissioners announced yesterday that as of Jan. 1, 1957, they will deposit county funds in three banks instead of one, the practice in past years.

Money in the general fund, which totals about \$2,000,000 each year, will be put in Doylestown National Bank and Trust Co., former sole depository for the county.

Institutional district funds, totalling about \$400,000 a year, will be placed in Doylestown Trust Co., and money from the liquid fuel tax fund, about \$250,000 a year, will be placed in Bucks County Bank and Trust Co., Perkasie.

County funds on deposit now amount to approximately \$1,250,000.

### Spread The Wealth

The new policy results from the desire of the commissioners "to spread the funds" to more than one bank.

At 9 a.m. today, the commissioners began hearing appeals on assessments by residents. Only 181 appeals have been filed this year, the lowest number in five years. There are 100,000 property owners.

Residential appeals will be allowed 10 minutes each and will be held in the early part of the month.

In the latter half of September, appeals from large businesses such as U. S. Steel and Thriftmart will be heard.

On the local scene, the commissioners have sent Lower Bucks County hospital \$31,000, the last part of a \$41,000 county appropriation.

In other business, the commissioners yesterday received a \$3,720.02 bid for paving 990 square yards of steep pens at Neshaminy Manor Home for the Aged.

### 50 Steers

The bid, giving a deadline of Oct. 15 for the work, was submitted by William J. Graham, Doylestown. The county keeps about 50 steers there as meat for the home and Bucks County Prison.

# Makefield Residents Told To Cut Grass

## The Levittown Times

THE Daily Newspaper of Lower Bucks County

Wednesday Evening, September 5, 1956

Second Front Page

### GOP Assembly Candidate Challenges Foe To Debate

Rudolph Kraus, Bristol Township Republican running for the State Assembly, today challenged his Democratic opponent to a series of public debates with "free for all" question and answer periods.

Kraus, charged that A. Patrick Brennan, of Levittown, the Democratic incumbent up for reelection, "takes orders from party leaders as evidenced by his notorious switch when he voted for the State wage-tax bill last year after stating he would never do so."

Both Kraus and Brennan have

### Morrisville Orders Home Be Vacated

The Morrisville Board of Health, meeting last night at Borough Hall, passed a motion to order residents of 85 North Pennsylvania avenue to vacate the property.

The board's action followed a discussion of the property's "general deficiency" in plumbing. The board said that plumbing all through the house needs replacing, and that an "unhealthy situation" exists on the property as it now stands.

In other action, the board disallowed an application from the Methodist parsonage on Hamilton boulevard to hook in with the Highland Park sewer system. The board said that the application was denied because there are no more sewer facilities on the line.

The board heard a letter from officials of the Vulcanized Rubber plant, Morrisville, stating that the company has taken steps to see that the soot situation in and around the plant is cleared up.

Earlier the board had received a complaint that soot from the plant was damaging the finishes on parked automobiles near the plant.

The board voted to pay the \$131.05 bills for the month of August, and voted to submit the monthly approved report to the Borough Council.

### PUC Suspends Rate Increase

HARRISBURG — UP — The Public Utility Commission has suspended until Dec. 14 a \$36,000 annual rate increase sought by the Bell Telephone Co. of Pennsylvania.

The largest ever proposed by a utility in the state, the increase is opposed by the cities of Philadelphia, Pittsburgh, Scranton, Bethlehem, Chester and Washington, Pa. Some 22 hearings have been held by the commission thus far to determine whether the hike is justified, with the next scheduled for Harrisburg Sept. 12 and 13.

The increase was originally filed to become effective March 14, but a six-month suspension was imposed by the PUC. The commission's additional three-month postponement will be the last allowable under law. The commission said that barring unexpected delays it will be able to issue an order by the end of the full nine-months suspension period.

**HOLY NAME TO MEET**  
The Holy Name Society of Holy Trinity Church, Morrisville, will meet at 8 p.m. tomorrow with Theodore Kupiec conducting the business meeting.

### Obituary

#### RALPH E. PAYNE

Services will be held tomorrow for Ralph E. Payne, Newtown, who died on Monday evening in Jefferson Hospital, Philadelphia. He was 37 years old.

Mr. Payne was a resident of Bristol until five years ago when he moved to the Woodhill section of Newtown. He was employed as a tool and die maker by Heinemann Company, Trenton. His wife, Irene Parker Payne, was a formerly a teacher in Bristol Schools.

He is survived by his wife and three children, Cathryn, Philip, and Karen.

Interment services will be held tomorrow at 2:30 p.m. in Wrightstown Friends burial grounds. A memorial service will follow at 3 p.m. at the Wrightstown Friends Meeting House.

Friends may call at the W. Varro Funeral Home, Wycombe, this evening from 7 to 9 o'clock.

No injuries were reported.

### Cars Collide On L'town Pkwy.

A rear-end collision was reported to Falls township police yesterday when two cars collided on the Levittown parkway near the entrance to the Pinewood section.

Lillian C. Immel, 31, of 701 Beaumont avenue, Fairless Hills, told police she was traveling north on the Levittown parkway when she stopped to close a door on her car. Meanwhile, another vehicle operated by Allan L. Yehl, 48, of 367 Appletree drive, Levittown, which was following, crashed into the rear of the Immel car.

No injuries were reported.

### Men's Club Has Noted Entertainer

Henny Youngman, noted radio and television comedian, will be guest entertainer at the Temple Shalom Men's Club Open House meeting, Tuesday at 9 p.m.

Potential members and unaffiliated men of the community are invited to the first in a series of star-studded programs planned for the coming season by the club.

Chairmen for the program are Ed Levy and Al Rubenstein. Louis Smith is chairman of the refreshment committee and Art Reinisch is in charge of publicity. Art Hutchinson, president, will conduct the meeting.

The man was identified as Andrew W. 40, of Trenton, by the arresting officer, Chief John R. Stewart.

**SCHOOL SUPPLIES STOLEN**  
Mrs. Beverly Asay, 359 Holly drive, Levittown, told Tullytown police \$6 worth of newly purchased school supplies were stolen from her parked car early yesterday afternoon in the Levittown Shopping Center.

### Pupil Meets the Teacher

Robin Gallant of 40 Gridiron road, Goldenridge, smiles approvingly at the prospect of kindergarten classes as he meets Mrs. Phyllis Grutz, Tom Thumb School Nursery and Kindergarten teacher. Mrs. Walter Gallant (left) provides the teacher with information on Robin.

(Courtesy and Times Photo)

### Police Stress School Limits

Bristol township Chief of Police John R. Stewart today warned motorists to be alert and observe 15-mile-an-hour school zone limits when public school children return tomorrow.

**TULLYDOWN AGREES**

Tullydown had backed the plan and Berkes hoped that after Falls sanction, Middletown and Bristol townships would follow suit.

Hacker and Watson charged that the township could solve its own problems and ratified the committee plan idea. Berkes said last night he would continue to work for the committee idea before civic groups. Hacker then said Berkes should devote "this time to township problems."

Berkes returned with "I'll match the time I spend on township problems with anyone."

**AT A LOSS**

Berkes said today he was at a loss to understand the attitude of the two other board members. He said that at an original meeting of representatives of all the municipalities, both Watson and Hacker voiced no objection to the proposal.

In other business, the Supervisors passed the ordinance regarding the set up of phone booths in the township. Berkes voted against the passage and asked for further consideration of the revisions pressed for by the township planning commission which were somewhat more restrictive.

The Supervisors also took under advisement a Planning Commission proposal to hire Carl Wild, planning consultant, to do a development survey of the township.

**MOVIE RENTAL SET AT \$1000 MONTH**

An offer to lease a big piece of the Bristol borough school district's lands on Route 13 for a drive-in theater got the polite attention of the borough school board last night, but the school directors told the real estate agents they want a higher rent.

Edwin D. Greenbaum, representative of Albert M. Greenfield Co., Inc., Philadelphia real estate firm, said the Stanley Warner Corp. is offering \$6000 per year for a 20-year lease on the 20-acre plot, and might raise its offer to \$9000. The school directors said they want a rental that will provide a net income of \$12,000, or \$1000 a month.

The land desired for the theater is in Bristol township, extending east to the Levittown Home Improvement Center. It would include two highway frontages, for a theater entrance and exit, 200 and 150 feet wide, with the rest of the property starting 150 feet off Route 13.

Mr. Greenbaum said his firm would be interested in finding commercial clients to locate on the highway between the proposed theater approaches.

**EMERSON SCHOOL DAILY SCHEDULE**

Classes at the Ralph Waldo Emerson elementary school, Levittown-Bristol township, will begin at 10 a.m. tomorrow and run until 4:30 p.m.

This will be the school schedule for the whole year, according to Murray Cohen, administrator.

He explained the later hours were necessary because of a shortage of school buses. "Hours have to be staggered in the township schools so the buses can transport all the children."

Also, he said children at the school will share in the hot lunch program at the Benjamin Franklin school, starting Monday.

**PACKING WORKER GIVEN 30 DAYS**

An employee of the Delaware Valley Packing company, Bristol township, was sentenced to 30 days in Bucks County prison yesterday after he was charged with disorderly conduct before J.P. Earl B. Dougherty, of Edgely.

The man was identified as Andrew W. 40, of Trenton, by the arresting officer, Chief John R. Stewart.

**MEETING TOMORROW**

Capitol View Fire Company, Morrisville, will hold its regular meeting at 8:30 p.m. tomorrow at the fire house. President Lawrence F. Newell, Sr., requests that all members attend the meeting.

**SCHOOL SUPPLIES STOLEN**

Mrs. Beverly Asay, 359 Holly

drive, Levittown, told Tullytown

police \$6 worth of newly pur-

chased school supplies were stolen

from her parked car early yester-

day afternoon in the Levittown

Shopping Center.

**MEETING TOMORROW**

Capitol View Fire Company,

Morrisville, will hold its regular

meeting at 8:30 p.m. tomorrow at

the fire house. President Lawrence F. Newell, Sr., requests that

all members attend the meeting.

### Fairless Asks Tax Write-Off

(Continued from Page One)

in income tax write-offs to balance," he said.

Milton Berkes, chairman of the Falls township supervisors, hailed the expansion of the steel plant in his township.

"We welcome industries to locate and expand here," Mr. Berkes said. "It will increase our jobs, housing, business and tax income," he said.

Presently seeking to raise the Bucks County tax assessment currently levied on the Fairless Works, in the ground that it is only 10 per cent damage. Reading over the petitions last night, the supervisors commented that several had included personal property damage and loss in addition to real estate damage and loss.

The supervisors passed a resolution that will require all new streets to be inspected, approved, and dedicated before occupancy permits are given persons moving into new homes.

The supervisors noted that the resolution is a "stop-gap" measure that should be in effect only a few months. A sub-division ordinance is now being drawn up that would require all streets in new developments to be completed before any houses are erected.

Andrew H. Keefe of 1217 Evergreen road was appointed to the Lower Makefield-Yardley recreation board to fill the vacancy caused by the resignation of Henry J. Walther.

The boys, aged 16 and 17, of the Elderberry section of the community admitted the thefts after interrogation by Falls Township police yesterday.

The boys were turned over to police after the step-father of the youngest found \$187 in a sleeping bag in the carport of their home.

The boy admitted his part in the thefts and implicated a neighbor.

About \$76 was taken early Monday day from the home of Warren Born at 42 Edgewood lane, and \$3 was taken from the home of Martin Berman, 105 Willow drive.

**HOMES RANSACKED**

Both homeowners reported that their homes were ransacked. At almost the same time, police learned the same addresses from the boys and house check was made. Police then found the forced entry into the homes through living room windows. Both families were away for the weekend.

Louis C. Souder, of the screening committee, said, "Now that all the interviews have been completed the full board should be ready to appoint a superintendent tonight."

Mr. Miller offered his resignation last Spring in the midst of reports of low morale among faculty members. He asked that the board retain him as a member of the faculty.

At a recent meeting the board, instructed Robert Fraser, director of secondary education, to place Mr. Miller on the faculty of the Benjamin Franklin Junior high school.

**OTHER MATTERS**

In other highlights of the conference, Mr. Eisenhower said the United States is committed to a peaceful solution of the Suez crisis.

He said the solution is one that would assure all nations free use of the waterway.

He does not see any advantage now in a new summit conference with Russian leaders. Sen. Mike Mansfield, D-Mont., has suggested that it is time for another summit meeting.

As for the AFL-CIO Executive Council endorsement of the Stevenson-Kefauver ticket the President said he had a letter Wednesday from a union member in New Jersey. Mr. Eisenhower said the letter writer said he would be loyal to labor leadership on matters involving labor, but resented any effort to tell him how to vote. This, Mr. Eisenhower said, was a very good American spirit.

The President said in a special program for children at 2:30 tomorrow afternoon.

The Levittown Jewish Center will hold its first program at 8 p.m. tonight with morning services 9 a.m. tomorrow and Friday, Rabbi William Fierverker announced. In addition there will be a service 6:15 tomorrow night and a special children's program set for 10 a.m. Friday. The regular Friday evening program will be held at 8:30.

The President said he is a special holiday message that Jews have contributed greatly to the nation's knowledge, skills and culture in peace and war.

Rosh Hashana, the President said, is "significant to every American, for, in the deepest spiritual sense, we are all of the seed of Abraham and Isaac." He said "our moral code, the ideals that animate us, the faith in God that strengthens us — all these were most clearly and most inspiring proclaimed many centuries ago by men of Jewish blood."

The Authority announced that ballot sheets requesting one vote per family would be included in the next billing period which begins this month.

The Board will permit or deny the addition of fluoride to the water supply, depending entirely on the majority opinion of the customers' vote.

**BIRTHS**

## Play Fascinating SKIL-WORD

# Starting Tomorrow, You Can Win \$50

SKIL-WORD arrives tomorrow!

And with it arrives a chance for some reader of the Courier or The Times having the time of his life winning \$50 cash.

This is the newest, most sensational and most interesting of all the word-number games. It is designed by the experts to provide fun and relaxation for every member of the family.

The first contest starts tomorrow.

SKIL-WORD, seemingly so simple any child can work it, will appear Thursday, Friday and Saturday of each week.

Every week the Courier and The Times will present \$50 cash to the winner of the contest.

To play this exciting new game, the only thing readers need to do is to select one of two number answers for each SKIL-WORD clue. A dictionary isn't necessary. Don't bother with the encyclopedia. You don't have to be a crossword puzzle expert. The

clues are not technical. But they're tricky. All you have to apply is a bit of good common sense.

All readers are eligible excepting Courier and Times employees and their families.

A group of newspaper judges will select the winner to be announced, for the first contest, September 14.

There will be no "jackpot" buildup. No disappointments. A winner will be announced each week.

And, of course, correct solution of the word game will be printed each week. If there is no completely correct solution, then the nearest correct will receive the \$50 cash. In case of a tie, the prize will be divided.

All you do is work the word-game, send in the answer on a post card. Who knows? You may be the \$50 cash winner!

Look for it. SKIL-WORD.

It starts tomorrow in the Courier and The Times.

## Southampton-Feasterville Edition

### The Weather

Partly cloudy, warm and humid today, tonight and tomorrow. Chance of scattered thundershowers late tomorrow and tomorrow night. Highest in the upper 80s.

# FAIRLESS SEEKS FEDERAL TAX AID FOR \$94,000,000 EXPANSION

## Gov. Says Pike Cost Is 'Greatest Swindle'

HARRISBURG — UP — Gov. George M. Leader charged today the Pennsylvania Turnpike Commission under Republican control was "the willing victim of one of the greatest public swindles of all time."

The governor said at a special news conference that through the "instrumentality" of the Man-Mine Research and Development Corp., Reading, the commission has been defrauded of \$9,064,241 (Continued on Page 3, Col. 2)

### Welcome Back

\$94 million expansion for Fairless Works.

Quite a pile of money U. S. Steel will be pouring into the big plant during the next 18 months. And more prima facie evidence of what's going to happen here during the next five years in the way of industrial development.

Some 6,500 now employed at the Fairless operations and when the expanding is done at least 2,000 additional jobs will be available.

Really optimistic news for this old Lower Bucks county community.

Only discouraging note is refusal of Falls township supervisors to join in an enlightened program of cooperation with Bristol and Middletown townships and Tullytown in tackling mutual problems of these four municipalities.

It appears to us that Supervisors Hacker and Watson would stop the clock on governmental progress. But ultimately that sort of thinking will be fully repudiated. You just can't halt the development of this dynamic region and the political boys who try it will find themselves some day sadder if not wiser.

Truly a field day for field registration in this lower part of the county yesterday when all records were broken.

Well, sir, let's have a few more of 'em. Remember, if you're not registered now you won't be able to vote in November.

Phillies back to their bush-league antics again as they kick one away to the Giants last night, 7-2.

The sooner Mayo Smith substitutes some of the ancient whiz kids for new and able baseball talent the sooner we'll have a real major league team in the city of brotherly love again.

The simple things are best. No musical instrument yet made by man entrances him like the sound of his own voice.

Love is one game which is never called on account of darkness.

If you drive, be careful.

## Clinton Negroes Are Unmolested

CLINTON, Tenn. — UP — Twelve Negroes went to an integrated high school in peace today, signalling the apparent end of a violent racial crisis over the breakdown of segregation barriers here.

National Guardsmen, called out Saturday to put down a serious uprising, still patrol the streets of Clinton. The next question in the minds of officials is what happens when the Negroes arrive, as usual, in private cars.

For the first time there were no jeers from the group of white boys standing on the grounds when the Negroes arrived. (Continued on Page 3, Col. 5)

## Parents To Confer With School Board

The Bristol Township School board will meet with parents of Indian Creek children tonight following the regular meeting of the Delhaas Joint School board.

The meeting was called after the Indian Creek parents protested the school board's plans to send some of their first grade children to the Community and Child Care Buildings in Bristol Terrace. The meeting will be in the library at Delhaas High School. (Continued on Page 3, Col. 2)

## Steel Company Asks Write-Off On Equipment

### New Project May Add 2000 Men To Firm's Payroll

U. S. Steel Corp. yesterday asked the federal government to lend a hand in the \$94,400,000 expansion of the Fairless Works by deferring some of the taxes on new equipment for five years.

The steel firm asked the Office of Defense Mobilization for special federal tax write-off privileges on the grounds that the new facilities are "essential to national defense."

The \$94,400,000 expansion, to be carried out in the next 18 months, would increase the Fairless Works payroll from 6500 to 8500 workers, according to a previous announcement.

### New Furnaces

According to a U. S. Steel announcement made earlier this summer, the expansion will include a \$48,900,000 open hearth furnace, a blast furnace at \$12,000,000, sintering facilities at \$8,500,000, coke ovens at \$19,000,000 and improvements to the blooming mill, for \$5,000,000.

The application, filed in Washington, D. C., asked the Office of Defense Mobilization to reopen the rapid tax amortization program for the steel industry to help finance construction costs. For the past two years, steelmakers have not been eligible.

### 5-Year Amortization

The move would enable the company to amortize part of its expansion costs over five years, instead of the usual 20 to 25 years, postponing part of its tax burden for five years.

A U. S. Steel spokesman said the federal applications were filed "on the basis of preliminary plans requiring the issuance of certificates of necessity prior to development of final detailed plans."

Not included, the steel spokesman said, is the Fairless Plant's third blast furnace, for which the company announced awarding a contract June 5.

Lower Bucks County officials this morning welcomed the men (Continued on Page 3, Col. 5)

## New Voters Registration

The Bucks County Traveling Registrars are now visiting local municipalities to sign up new voters for the coming November 6 presidential election.

The centers are open from 2 p.m. until 9 p.m.

TODAY Sun Ray Drug Store, Midway Shopping Center, Levittown. Croydon Fire House, State Road, Croydon.

TOMORROW Penn Valley Meeting Hall, Old Lincoln highway, Bensalem Township.

King's Hall, Andalusia, Bensalem Township.

The parents charged that the buildings in Bristol Terrace were

## Firemen Battle Roaring Flames

An abandoned former munition plant burned to the ground yesterday as firemen from three companies battled the roaring flames for two-and-a-half hours in vain.

Fire broke out in the rear of the wooden frame building behind Margo Gardens, off Bath road, Bristol Township, shortly after 2 p.m.

Workers from two nearby in-

ustrial firms—Coed Manufacturing Company and the Roadway Excavation Corporation—saw the fire and called firemen.

But by the time volunteers from the Newportville, Croydon and the Third District Fire Companies arrived the blaze had engulfed the one story structure.

Firemen were hampered by difficulty in finding water. One

fire hydrant in Margo Gardens was "dry" and the firemen were forced to lay 1200 feet of hose to another hydrant.

The building was one of a group used by the Hunter Manufacturing Company during World War II to make munitions for the armed forces.

The destroyed building has been vacant since the war.

Employes of the Roadway Ex-

cavation firm moved four boxes of dynamite from their building as a precautionary measure as the flames roared out of control in the nearby building.

Firemen said they didn't know how the flames started but they pointed out that children frequently played in the building and that two were seen in the vicinity shortly before the fire started.

Barnett Ave. Fight Nears Happy Ending

A long fight by residents of Barnett avenue, Southampton, neared an end last night with the opening of bids for construction of the two-year-old un-paved street.

The Upper Southampton supervisors announced that low bidder for the Barnett avenue construction project was P. S. Stauffer and Sons at \$13,431.

However, a contract will not be awarded until financial agreements between the Barnett residents and township supervisors are completed. The residents and township will share the cost, it was said.

The action was prompted by reports of new housing developments set for construction in Lower Southampton.

39-Unit Development

It was recently disclosed that a 39-home housing development north of Broadview Farms is expected to be constructed soon. It would be called Broadview Hills.

Another Feasterville-area project under the direction of Charles M.

Lower Southampton School Board last night discussed possible construction of a new elementary school to meet growing population demands.

The board, meeting at the Lower Southampton Elementary School, moved to investigate such a building project and see how soon it could begin.

The latter development calls for 70 homes, while Wolfson plans on 170 houses.

Dr. Esther Wenrich, elementary school supervisor, told the board members last night that all available

# Upper Southampton Supervisors Answer Willopenn Resident's Plea

## The Levittown Times

Feasterville-Trevose-Southampton Edition

Wednesday Evening, September 5, 1956

Second Front Page

### GOP Assembly Candidate Challenges Foe To Debate

Rudolph Kraus, Bristol Township Republican running for the State Assembly, today challenged his Democratic opponent to a series of public debates with "free for all" question and answer periods.

Kraus, charged that A. Patrick Brennan, of Levittown, the Democratic incumbent up for reelection, "takes orders from party leaders as evidenced by his notorious switch when he voted for the State wage-tax bill last year after stating he would never do so."

Both Kraus and Brennan have

### Knights Plan First Carnival For Oakford

The first annual carnival of the Knights of Columbus 4052 of the Knights of Columbus will begin tomorrow at 8 p.m. on the council's grounds, Bristol road and Siles Avenue, Oakford.

The event will be re-run Friday and Saturday, and again on September 14, 15, 28 and 29.

The Columbian Squires will assist the Knights in presenting the carnival, and on Saturday the Women's Auxiliary of the K of C will serve a spaghetti dinner from 4 to 7 p.m.

Special attractions for youngsters will include pony and fire engine rides, a K of C spokesman explained.

All persons attending will be eligible for a "give-away" which will highlight the carnival, it was announced.

### British To Drop Red Theft Charge

LONDON — UP — Nina Pononarova, Russia's 27-year-old champion discus thrower, may emerge from hiding today in time to hear that charges accusing her of petty shoplifting have been dismissed.

Magistrate Clyde Wilson of Marlborough Street Magistrates Court was expected to dismiss the charges against the hefty woman athlete of stealing five 90-cent hats from a London store.

Nina, a teacher and mother of one child, went into hiding soon after the charge was filed last week, touching off an international incident which rocked British and Soviet diplomatic circles.

### Obituary

#### RALPH E. PAYNE

Services will be held tomorrow for Ralph E. Payne, Newtown, who died on Monday evening in Jefferson Hospital, Philadelphia. He was 37 years old.

Mr. Payne was a resident of Bristol until five years ago when he moved to the Woodhill section of Newtown. He was employed as a tool and die maker by Heimann Company, Trenton. His wife, Irene Parker Payne, was a formerly a teacher in Bristol Schools.

He is survived by his wife and three children, Cathryn, Phillip, and Karen.

Interment services will be held tomorrow at 2:30 p.m. in Wrightstown Friends burial grounds. A memorial service will follow at 3 p.m. at the Wrightstown Friends Meeting House.

Friends may call at the W. Varco Funeral Home, Wycombe, this evening from 7 to 9 o'clock.

#### MRS. WM. CHURCHLEY

Agnes Churchley, wife of William Churchley, died in the Lower Bucks County Hospital Monday. She was a resident of Rogers road, West Bristol.

She is survived by her husband, William; four daughters, Mrs. Philip Meyers, Cornwells Heights, Mrs. Henry Lahmeyer, Philadelphia, Mrs. Philip Day, Lansdale, and Mrs. Paul Weisser, Bristol Township; seven grandchildren; two great grandchildren; one sister, Mrs. Flo Collier, England.

Services will be held tomorrow at 1:30 p.m. from Molde's Funeral Chapel, 133 Otter street, Bristol. Interment will be in Forest Hills Cemetery, in Somerton Friends may call Wednesday evening.

accepted invitations to speak at issues that cannot be acted upon until after the voters go to the polls. After that, the citizens of Lower Bucks County can imagine what will happen to these gestures at limited tax relief—particularly when Gov. Leader has stated he will ask for additional taxes to gain the extra millions he intends to spend during the coming two years," Kraus added.

**Wants Early Meetings**  
He asked that the meetings be held early in the campaign "so voters can separate fact from fiction and have positive, well-informed opinions on election day."

Kraus was particularly concerned over recent statements that Brennan had advocated repeal of that portion of the state sales tax which refers to fuel oil. "How can he advocate anything when the House of Representatives is not even in session?" Kraus asked.

"This amounts to little more than campaign promises—prom-

ised that the candidates forum sponsored by the Levittown Lions Club to be held October 1.

But Kraus' campaign manager, John McIlhenny, said he wanted the candidates to "debate the issues" in every township and borough in the second assembly district.

**Accepted Invitations**
